Narconon Arrowhead Field Representative Program Expands

As we approach the year 2006, Narconon Arrowhead is happy to announce that the Field Representative program is continuing to expand. This year we have gained over 100 new Field Representatives and we are receiving calls everyday from persons wanting to know more about our Field Representative Program.

You may wonder what it is that Narconon Arrowhead does so differently than some of the other programs that you have worked with. Well, for starters, we are the International Training Center for the Narconon Network. That means that we take pride in creating a product, and that product includes well-trained Field Representatives. We offer a course that takes about 8 hours of study time to complete. During this course you will learn how to become a Field Representative. You will drill, work on handling others, and learn valuable data about the Narconon Program. This course is FREE and open to the public. While you are here, you can tour our state of the art facility and take in the beauty of our local landscape.

In addition, we are here to help all Field Representatives. If you need promotional materials, those materials are mailed promptly. If you have a selection to turn in, you can call 800-468-6933 and turn over the information or you can email it to fsmic@stopaddiction.com or info@stopaddiction.com. We have a website that is specifically provided for Narconon Arrowhead Field Representatives, located at: www.drughelpcenter.com. This website not only contains great information, but you can order materials, turn in a selection, view newsletters, and share success stories. It is truly an awesome tool to use!

We recently sent out a letter updating all of the Field Representative files and also asked you to send us names of anyone that you thought might be interested in the Field Representative Program. This is really important, because the more people that we are in contact with and mailing updated information and promotional materials to, the more people that will be helping to save their communities!

Do your part. Save a life! Strive to become the highest producing Narconon Arrowhead Field Representative of the year 2006! I challenge you to do it! Contact the Narconon Arrowhead Field Representative In Charge at 918-339-5877 and get started today!

A Narconon Arrowhead Success Story

Dear Narconon Arrowhead,

Almost two years ago, I was very addicted to crystal methamphetamine. I was losing my mind, my pride, and my health. Basically I was dying.

I am a professional musician, and I had gotten to such a bad point that I had completely stopped playing my guitar. My life was completely out of control. I could not feel any kind of happiness, and I cannot put into words how horrible I felt both physically and mentally.

Then I came to Narconon Arrowhead. And with my determination to live, and the incredible help from the staff (and I mean INCREDIBLE HELP), and with the drug rehabilitation technology developed by L. Ron Hubbard, I not only got my life back, I gained the ability to be happy again. And to me, that is priceless.

After completing the Narconon® program, I now have integrity and the ability to face whatever comes my way--in all areas of my life.

It has now been nine months since I graduated the Narconon program, and I now play my guitar more than I ever have, and my creativity is more alive than it has ever been. My relationship with my family is better than ever, and I now have a desire to help others do well in life. Most of all, I feel love and happiness again.

Narconon not only helped me get off drugs, they helped me gain the tools to lead a happy successful life. I am very proud of myself! And I cannot put into words how grateful I am to Narconon and L. Ron Hubbard for helping me be able to sincerely say that.

You guys are saving so many lives and bringing so many families back together. From deep, deep, deep down inside, I thank you for helping me save my life and get my family back.

With all my love, M.D.R.

Successful Field Representative Suggestion of the Month

Doctor's Offices: Get a list of General Practitioners in your area. Call and speak to them and ask if they would keep your number on file for anyone who is in need of a long term drug or alcohol treatment program. You will want to provide the doctor with some Narconon Arrowhead program material and explain the basics on the enrollment criteria. Be sure to give the doctor a few of your business cards with your name and contact number. This will provide him or her with information they can hand to the person needing help. The tri-fold brochure works very well for this.

Family Education and Orientation Pack

Narconon Arrowhead has a new booklet that we have been using when getting into communication with the families of the students that are currently here. This is the Family Education and Orientation Booklet.

The booklet contains a lot of great information such as the Origins of the Narconon Program, a Program Description, Visitor Rules, Student Account and Mail Information, the Student Schedule and so on. This is all information that can help you as a Field Representative — especially when you have a family asking you if they are allowed to visit their son/daughter after they arrive, can they receive phone calls, etc. This booklet can help you answer more questions for your selectee and their family members.

To receive a free copy of this booklet please call me at 918-339-5877 or email your request to fsmic@stopaddiction.com.

Book of the Month

Narconon Arrowhead has a wide variety of books and videos that can provide you with valuable information when working in the field. This week's featured item from the Narconon Arrowhead bookstore is:

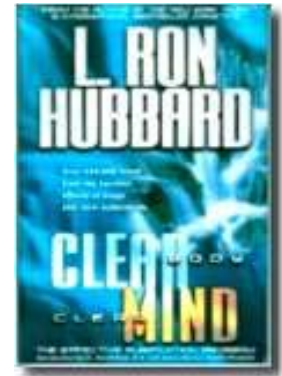

The book Clear Body Clear Mind.
© 1990 Bridge Publications, Inc.
All Rights Reserved.

Clear Body Clear Mind provides a complete description of the New Life Detoxification program developed by L. Ron Hubbard that is used in the Narconon program. You will be able to

answer questions like: What causes drug and alcohol cravings? Can you get rid of drug and toxin residues in your body once and for all? Learn how over a quarter of a million people have been freed from the continuing effects of harmful substances.

This book is a must have for every collection and is available at the low price of \$14.95 plus shipping and handling.

For ordering information please contact: DannaSue Kelley at 918-339-5877.
